GOAL

Programs such as the Compassionate Care Initiative and Interprofessional Education (ASPIRE) are thriving to enhance the student experience.

Student organizations use this funding to provide quality programming including research, travel abroad and community service.

The Alumni and Development Office hosted over 40 events in 2016-2017 to engage alumni and friends of the school.

Faculty are able to attend regional, national and international events to advance research and grow as educators.

Undergraduate and graduate students receive scholarship money and tuition assistance from these unrestricted funds.
